

Thermal high protection for every member of your family

RAC
the driving people

Keep your family **warm, dry and visible**

"If your vehicle breaks down on the motorway - get yourself and any passengers out of the vehicle immediately. While you wait for help, keep well away from the carriageway and hard shoulder."

Highways Agency, 'Stay Safe - Keep Moving' Campaign

Mediwrap® high protection blankets, ponchos and wraps are:

- Soft, comfortable and absorbent on the inside
- Wind and waterproof on the outside
- Highly visible
- Mediwrap® is used to keep people warm & dry by:
 - Ambulance, Fire & Police Services
 - British Army
